EDUCATION

Master of Computer Applications

SRM Institute of Science and Technology
Jul 2023 – Present | CGPA: 8.2

Bachelor of Computer Applications

Maharishi Dayanand University
Aug 2020 – Oct 2023 | CGPA: 7.3

PROJECTS

Pathshala - AI powered Learning App | Personal Project | Apr 2025 - Present | React Native, Expo

- Built a learning app generating dynamic courses using AI.
- Implemented quizzes, progress tracking, and real-time DB with Firebase.
- Features: AI-generated content, personalized modules, authentication.

Medicine Reminder App | Academic Project
Feb 2025 – Apr 2025 | React Native, Expo

- Created a mobile app with biometric login and smart medicine alerts.
- Integrated biometric login, smart reminders, inventory tracking, and an **AI chatbot**.
- Enhanced user adherence and received positive feedback for intuitive design and reliability.

E-Commerce Website | Personal Project
Jan 2025 – Mar 2025 | MERN Stack

- Developed a responsive shopping web app with secure payment gateway.
- Integrated admin dashboard, cart management, and Cloudinary for images.
- Real-time order management and modern UI experience.

CarVerse | Academic Project
Oct 2024 – Dec 2024 | HTML, CSS, JS, PHP

- Designed an automotive service platform to browse, compare, and trade vehicles.
- Used HTML, CSS, JS, and PHP to build features like location-based filtering, vehicle specs comparison, and listings.
- Created a functional prototype enabling multi-service car management for users.

SKILLS

Languages: Java, C++, JavaScript, SQL, TypeScript

Frontend: React Native, HTML, CSS, Tailwind CSS

Backend & DB: Node.js, Express.js, MongoDB

Tools: Git, Firebase, Expo CLI

Concepts: REST APIs, Authentication, Version Control

EXTRA-CURRICULARS

HackForst Hackathon (Nov 2024)

Participated in a hackathon focused on innovative solutions using full-stack development. Gained hands-on experience collaborating in a tech team and working under tight deadlines.

Hackathon SRM - SRMIST, Modinagar (Aug 2024)

Collaborated with peers to develop the stress monitoring system during a hackathon challenge. Focused on UI/UX design and backend integration.

CERTIFICATES

Software Engineer Intern - Issued by HackerRank
(May 2025)

Computer Engineering Certificate - Issued by IICS
(Feb 2022 – Feb 2025)

Web Design Certification - Issued by METTL
(Jan 2022 – Mar 2022)
